Dr. Julia Zimmermann

profile EN

Julia is co-founder and Managing Director of terrapiasma GmbH since 2015, as well as past CEO of terrapiasma's daughter company terrapiasma medical GmbH, with a strategic exit in 2023. Prior to founding terrapiasma GmbH, she worked at the Max-Planck-Institute for Extraterrestrial Physics and completed her PhD in biophysics at the LMU (Ludwig Maximilians University in Munich). Furthermore, Julia founded a new daughter company named hyped about science GmbH in early 2025 which she also runs as Managing Director.
